THE DAILY TEXAN Endorsement

SRTF chair would put SA back on the right wavelength

It's time for the SA to get its act together, and Kirk Launius understands that...

The SA needs a vice president with enough knowledge of structure to be effective and enough initiative and creativity to pursue useful projects. We looked for a candidate who would put forth a realistic, detailed agenda with an emphasis on students' needs. We found that candidate in Kirk Launius, current chairman of the Student Radio Task Force.

At first, we had reservations that Launius' agenda did not extend beyond the worthwhile, but narrow, issue of student radio. After our interview, however, we were impressed with the scope and variety of Launius' ideas for the association and for students. All of his proposals — such as reviewing the idea of an alternative Union, offering an "A" option in pass/fail classes, and expanding the use of ad hoc committees — were intelligent and comprehensive.

Launius has also demonstrated that he can carry out his ideas effectively. Launius' work with the SRTF and SA committees is indicative of his general skill in directing projects to the benefit of students.

Kirk Launius has the right goals and the skill to realize them. Most importantly, Launius is the kind of leader who could restore the respect and credibility the SA desperately needs.

The University of Texas is one of the few universities without a student run radio station. A group of 200 students have formed the Student Radio Task Force under the auspices of the Students' Association. This group needs to raise at least $40,000 to reach their goal of student radio.

On April 11 the Student Radio Task Force will have a Student Radio Day on the University of Texas campus held in conjunction with "Round-Up." Several student organizations will be sponsoring carnival game booths on the South Mall. Throughout the day, an auction will be held featuring prizes donated by local merchants. Airline tickets, watches and gift certificates are a few of the gifts that will be auctioned.

Austin has many talented bands that receive no airplay on local radio stations. Bands such as Timbuk 3, The Fabulous Thunderbirds and Eric Johnson reached national stardom, though they were rarely heard on Austin airwaves.

Student Radio Day will feature live music on the steps of the historical tower. Trix- Trax, Lifeyes, Chinese Cowboys, Screaming Kat Daddies and The Wild Seeds will provide a variety of free musical entertainment.

In the evening a concert will be held in the Texas Union Tavern featuring Brave Combo, from Denton. All these bands are donating their time to the worthy cause of student radio on The University of Texas campus.

On Thursday, April 23 and Monday, April 27 we had agreed to spend time discussing the future of the SRTF bill. Both of these dates can be verified by others present at the time. On both occasions you decided to leave and go home. Yet, since I am co-sponsor of the bill and concerned with radio, I chose to spend my time indulging your whims.

You state in your bothersome memo that you will not waste your time on this issue. As Vice President it is necessary for you to spend your time helping senators understand the standing rules since they are not available to them at this time. This is your job.

When I said that, "I was too mad at you to talk about it" at that time, I was being mature in realizing that I was not in a rational state of mind to discuss anything with you.

Your stubborn attitude and condescending tone, not only to myself but other senators, is neither respectful nor helpful. It is not enough to say you are sorry. You have to mean your sorry and try to rectify the situation.

In the future, should you encounter any difficulties with me, I would appreciate your discussing them with me---in person and not with other people.

RE : Communication

As I stated on Monday, and again today, I am sorry for leaving the office without asking you if you had anything more to talk about in relation to the SRTF bill. I realized full well that your committee had looked upon the legislation favorably, but sensed that neither you nor some of the other senators were fully aware of what sort of recommendation you could (or should) return at tonight's meeting. My repeated questions to you in this regard were an attempt to ascertain the status of the recommendation from Campus Services, not a questioning of your senatorial abilities.

If there are any further difficulties that you honestly believe we should talk about (and I believe there are), please do not fail to either call them to my attention through writing, or to ask me personally. It is an accurate statement to say that I have a lot of work to do on things other than SRTF legislation. It is also true that I feel very strongly about the radio project. But, I will not waste my time and that of the Association attempting to figure out what is troubling you. Please do not let this go on any longer. It simply is not necessary.

STUDENT RADIO TASK FORCE, UNB 4.310, AUSTIN 78713-7338 471-3166

JOB DESCRIPTION
THE DISC JOCKEY (D.J.)

QUALIFICATIONS
Any U.T. student who is enrolled in the University of Texas with at least 9 hours, and who is in good academic standing with the University is qualified. Positions will be selected on the basis of applications, a music quiz, and interviewing. The SRTF is an equal opportunity organization.(There will be no discrimination on the basis of race, sex, or religion, or major.) This position is a volunteer position.

PRELIMINARY REQUIREMENTS
A D.J. will be required to show that he/she possesses an adequate knowledge of how to turn all of the technical equipment in the studio, before he/she will be permitted to go "on the air."

A disc jockey will be required to attend all mandatory training sessions, which will probably be held before the semester begins.

DESCRIPTION OF WORK
A disc jockey is the individual who is the implementer of the programming of the station. A D.J. is responsible for playing the music, running PSA's, underwriting announcements, and recording all such material in the log book.

Being a d.j. will require a substantial amount of time, much more than just a two hour show. First, each d.j. will be required to arrive at the studios 30 minutes prior to his/her shift, to review previous shows' logs, and obtain the preferred albums from the record library. Other time requirements may include, but are not restricted to, staff meetings, organizing and working at fundraisers. A d.j. may also have to inventory albumns, review albumns, assist in the radio journalism program, etc.

Being a d.j. requires some amount of creativity. Student radio should play a role of educating its listeners; therefore, we wqill not encourage the playing of music which can be heard everyday on Austin's commercial radio stations. Although the exact programming design has not been decided, a d.j. may be required to play a certain number of items per show from a rotation list, in order to ensure the listeners are hearing a new and wide variety of programming. New programming ideas will be solicited from the staff at all times.

REPORTING RELATIONSHIP
A D.J. will be responsible for obeying all of the rules of the station as set by the station manager and Board of Directors. A d.j. handbook will be provided at the orientation period. All rules and regulations of the station, University, and F.C.C> must be followed, or you will be removed from the staff of the station. All d.j.'s will report directly to a music director and the programming manager.

These need to be submitted several days in advance if you want approval. You also need to check with me before you get any signitures so that I can be sure there is no problem or conflicting "After Hours Request". You are supposed to take care of your business during office hours. After hours requests are not to be used on a routine basis. FOLLOW THE RULES AND USE THE OFFICE WHEN IT IS OPEN , THEN IF EMERGENCY SITUATIONS ARRISE THERE WILL BE A BETTER CHANCE YOU WILL GET APPROVAL.

FOOD, DRINKS, ETC........

Believe it or not....NO ONE wants your left over drinks or food, so if you bring food &\or drink up here clean up after yourself.

SUPPLIES

If you need supplies we keep some in stock. These are the usual things like pens, typewriter ribbons, scotch tape, etc.... If you need anything out of the ordinary or anything we do not have, you need to fill out a requisition. I get supplies once a week so if you need something let me know.

CALENDAR

I put out a weekly calendar of S.A. events. I type it up every Monday morning so if you have a meeting or event you want on the calendar let me know ahead of time.

ME

I (BECKY) work 8:00 a.m. until 5:00p.m. Monday-Friday. I take my lunch from 1:00 until 2:00. (this varies) If you need help I will be glad to help you, if I can. Feel free to ask for help. We also have , at present , 1 work-study person who is here to help also. Her name is Monica Campa .

To: All Senators

From: Becky

Congratulations to you on your new position as Senator.!!! I will try to learn all the new names and faces as soon AS possible. Hopefully these tips will help you understand some of the minor details here at the S.A. office.

Phones

LOOK before you pick up the receiver!

1.If the button which is pushed down is blinking or lit: don't pick up the receiver, you will break in on someone elses call or hang-up on someone who is on hold.

2.Push a button that is unlit THEN pick up the receiver.

To dial a number not on campus you must dial a 9 then the number. To dial a number that is on campus you only need to dial the last 5 digits.

Also, if you hear the phones ringing more then 3 times pick it up and say STUDENTS ' ASSOCIATION. Sometimes I get tied up with something else so feel free to help out.

COPIER

Use the copier for SA business only. If you need over 50 copies , then it is cheaper to use Central Duplicating . You need to fill out a requisiton and get it approved to do this. Anything over 50 copies tires out our poor copier and then it doen't work properly. If you feel an overwhelming need to coy something for yourself then it will cost $.05 and is payable to me to be put into petty cash.

OFFICE SPACE

We, S.A., are housed in the Union and have to abide by the Union rules. Like it , agree with them, or not.!! One of the rules is that every Friday the office closes at 5:00 SHARP. Plan on being out by 5 every Friday afternoon. After hours or on the weekends you need special permission to be at our offices. To do this, you need to fill out an "After Hours Request Form" . This form must be approved by Tany or Glenn, your advisors, and then approved by Barbara Lewis.

STUDENT RADIO TASK FORCE
EXECUTIVE MEETING
OF
MARCH 23, 1987

Kevin Lewis volunteered to be organizer for the float in the Round-Up parade. Kevin Lewis and Kevin Enochs will playing while riding on the float.

SXSW was an enormous success. There is a possibility that SRTF will receive a donation from SXSW.

The results from the frequency search were predictable, there is not a frequency currently available in the Austin area.

After reading an article on SRTF in the Texas-Ex Alcalde, Kirk received a call from a lawyer with a Washington D.C. firm. They have 25 lawyers, 21 being entertainment lawyers. The firm represents KOKE and have worked with the FCC.

The UT Residence Hall Assoc. is interested in learning more about transmitting via cable. They will send a liasion to the next General Meeting.

By April 3rd Sara Beechner needs a wish list from each executive member of things prominent people in the industry could provide for SRTF. This should include not only equipment but also any services we might need. This will be submitted to the Communication Advisory Council.

Kirk Launius was in contact with the Dallas Observer and they will be writing an article about SRTF in their next issue.

RADIO DAY

An entrance fee of $45 will be required to participate in the Round-Up parade.

Money has been printed for Radio Day. Booths will cost $1,000 We have six confirmed, but have not payed their deposit, we need twenty-two organizations to have a carnival.

Kevin Tuerff suggested using West Mall tables for the booths instead of spending $1,000 for professional booths.

Cocal-Cola will be providing the concession booths, we need only pay for the food we sell.

The deadline for gifts is Saturday, March 28. The program will be printed on Sunday, March 29.

The night concert will be held in The Tavern tenatively scheduled is Brave Combo and The Urge.

People can turn their Radio Money in at the end of the day for a free beer ticket in The Tavern.

FUNDRAISER

Friday, March 27 at 9pm Liberty Lunch --- Texas Instruments, Wayouts, Go Dog Go and Colour $4.00 cover

The towels were sold on consignment to the Spirit Committee

We have 36 black Radio Head T-shirts.

ENGINEERING

Shawn has an appointment tomorrow with Gary Shelton. There is a spot near the exit in the corner of the old Varsity if SRTF could acquire this space we would have our own entrance for the radio station. Remodeling can be done during the summer.

KLBJ has an AM & FM board that are being replaced. Keith King will be speaking with Ted Smith, Cactus & Paul Pryor to try and acquire the boards for SRTF.

PUBLIC RELATIONS

Kevin Lewis received a DJ manual from KTRU, it contains technical, training procedures and philosophy of being a DJ. This would be a good basis to use in running our station.

ATM is on cable now and will be converting to microwave to avoid high phone cost.

Kevin Lewis would also like to establish a network with other college radio stations, clubs, promoters based on alternative music.

NEW BUSINESS

Kevin Tuerff has been in contact with David Bennett, a tape producer. He wants SRTF to sell computer literacy tapes for $19.95. SRTF would receive $10 on each tape. This would not start until the summer.

Burt Yont suggested picking call letters so that the community would better identify and accept SRTF's efforts.

February 19, 1987

Dear Organization:

Are you feeling in the humanitarian spirit? Would you like to help others while making a little money on the side? We would like you to participate in RADIO DAY--a carnival to benefit student radio, which will be held on April 11, in conjunction with round-up.

In the past there have been other carnival attempts but they have been massive failures because of lack of planning, organization and interest. Everyone knows from elementary school that carnivals can work, so STUDENT RADIO TASK FORCE is attempting (with your help) to make this one a sucessful fundraiser.

Why should you help STUDENT RADIO? Student radio benefits more than just the people in the organization. It can provide ALL interested students with hands on radio experience, it can be a useful tool in providing campus and community information and best of all it is operated by students for students with their interest in mind.

The carnival is designed to help STUDENT RADIO increase the awareness of the attempt to establish a student operated radio station and to help raise the necessary funds needed to fulfill that goal; but it can also help your organization make a little money at the same time.

How? First, from us you will rent, at a flat fee, a carnival booth. Booth rental ranges from twenty to fifty dollars and covers the set up and take down charge. Your organization can choose from the available carnival or gambling games, or you can design your own. Then you get your most dependable people to man the booth and run the game. At the end of the day we split the profits fifty-fifty. Pretty simple? The carnival will be held on April 11, 1987 from 10:00am-8:00pm. During the day there will be entertainment from some of the finest Austin bands and an auction that will auction off gifts donated by area merchants.

If you are interested in helping us while helping yourself please give us a call. We are willing to answer any questions and to give you futher information about the carnival. We'd love to hear from you!

Sincerely,

Koan Davis

need proposal

KT Cablevision - audio -
we have letter - give 45 days
notice + then they will
cable carry - need equipment
to transmit
original contract

Lewis Russ Hmm on this -
Cablevision has proposal to judge
could effect us

Sara - Cable system on campus
Univ wired - room for our signal
wouldn't go to dorms w/o
carrier current -
but Union, UGL
phone line main cost $1,000-2,000

KJ modulators 500-1500 per building
for carrier current

Sara just Main buildings -
dorms + Union

KJ last alternative - carrier current
still searching for frequency
good engineering can shoehorn
us in, need FCC regulation
+ break through 7yr wait

KT Worst- not on Cable, no freq, no money
for carrier current - fold up

Steve want $10,000 to build Varsity cafe

KT sooner get renovated - sooner can train

Shawn Basic equip that you can broadcast
today
- would have to get modulators

Sara This group here - two goals
① educ experience
② fill void in music scene +
serve community
if on cable still fulfilling first goal

KT Several forces of credibility

Lewis Cunningham gave public support

Steve: Breakdown of expenses, time table
proposal

KT need to keep money for another
project

Steve part of t-shirts for SRTF

KT biggest project in quite a long time

Steve clause - money held till something
tangible, assurance money not wasted

KT SA hold money till have space -

Sevis need money in 2-3 weeks

Steve need everything this week end to
get to last meeting of year

Rolando regular agenda - committees on
hold
need to be pulled out on
May 5th agend - senate meeting
people don't like money to come
out under emergency

Steve - stu
services & finance announced on
20th - then go on agenda
next week

Rolando go next senate meeting under
emergency to get senators
aware

Sara more understanding if can talk
to senators about summer financing

KT any new people - Allison talk to
and welcome

Summer - meet more at nite

RADIO DAY - concerts fantastic
IFC + SIC not helpful
permanent account wll add $1,000
Lost $1,000 from SA money
spent $3,000 - $2,000 from SA
$1,000 from perm SRTF
300 - change
came out of revenue of day → 400 - bands - music lightning
300 - here + there

money gift from SA

But this time of spring - bad time
Carnival - begin of fall when
students enthusiastic

Rol Not getting push from IFC + SIC w/Round-Up
next year - early fall, late summer

KT Carnival not gonna draw people -
Concert - close-off + make people pay

Lewis Woodshock - day long music every summer
admission small, a lot of big bands
and small
Union Patio - so can serve beer
getting big + little bands
12 bands 1pm 1am
started to early
bands we used - try to draw
frat guys - who were at Round-Up

KT had good comments on lifeseyes

Lewis lifesyes plays 6' Street – ~~don't~~
bands respected in artistic
circle
have to decide if artistic oriented
or
commercial oriented

Burt Chinese Cowboys + Wild Seeds good
choice for artistic

KT need to promote variety

Burt don't need cover bands
Lewis – that differciates the two types
justification - main stream / frat crowd
would swamp us

Burt in future put before committee
lots of decisions made w/o discussion
Rol project – have Exec Board + Committee
that do work
Exec Comm didn't do work until
last week

Burt Still go for approval –
KT Summary of thing, could have round-year
committee working on this

Rol Whole event should be annual
longer time to plan – more publicified

have plan, set someone how to work
for next year
credibility - people will start to look
forward to it

Lewis whole concept to get people up early
alcholotist - party
unsound idea

Col wanted to have party off campus -
only had 2 months - if done
this summer could get in advance
colisium

KT November started to book bands - wont

Lewis any earlier planning wouldn't help
don't book Zulu Time in Colisium

Sara stations around country - long concerts
(weekend) - objectively - bag carnival
too much time to do carnivals -
not promotion fault -
just work on concert - have
con cessions - promoting music
don't deal w/ merchants

Lewis people operated booths would'nt do again

Keith model after Eyeore's B-day
2 weeks

KT people Chi Phi jail did $3,000 in one
day

Roland did have life coverage - station
broadcasting
Carnival success in his mind

Sara MTV - put posters up around
campus -
Drama & Comm students perferred
anyone can go though

3 Broad types of Communication Disorders

Disorders of Production + Perception

Speech
child may not be able to make pyschiological movements to make sounds
or can make sound but not destinguish from others

Language
child can't formulate or generate new utterances

if child speeches poorly might not understand
say things - make no sense

Hearing

SRTF MINUTES
GENERAL MEETING APRIL 9, 1987
EXECUTIVE MEETING APRIL 18, 1987

General Meeting --- Three positions on Executive Board open Applications and interviews will be scheduled for next week.

Executive Meeting ---

The Exec is currently writing legislation to ask the Senate to appropriate $10,000 to SRTF. This money would be to cover the cost of remodeling the Varsity. The Varsity space could then be used to train staff for the station. A proposal will be given to Senator Steve Weiss at the end of this week.

Radio Day --- SRTF broke even on expenditures and profits. If we plan on doing this type of event in the future we will have a year-round committee to work soley on this project. Next year we could abolish the carnival and concentrate on the concert. Have it off campus, more like Eyeore's Birthday so we could sell beer. We would not have it in conjunction with Round-Up since that eliminates the participate of frats. The possibilities are endless.

MTV VJ Search --- We are sponsoring this for MTV. They will be sending us advertisement layouts that they want us to put in the Daily Texan and posters for the campus. Drama and Communication seniors have priority. 125 students will be interviewed. They must attend two meetings to be split into three groups for interviewing, this will eliminate the applicants to 25 for final screening. This is absolutely free publicity for SRTF.

Proposal --- Kevin Tuerff and Kirk Launius met with Dr. Brown,VP, last week. He needs a proposal from SRTF complete with by-laws, job descriptions and hiring procedures, everything needed to run a station. The Executive Board will be working on this Saturday 18, Noon at Kevin Tuerff's house. Anyone who is interested in helping draft the proposal is welcome. This draft will still be open to modification after it is written on Saturday.

Radio Journalism Forum --- Sara Beechner will be forming a forum for person wanting to work on the radio station. This will be offering assistance from professors on writing for radio. She will undertake this after the MTV interviews.

KUT/Bill Jiorda --- Kevin Tuerff had a meeting today to discuss the possibility of letting SRTF members who will be working on our station to work at KUT to gain experience.

Cablevision --- Shawn Gorman and Kevin Enochs, Engin., will be talking with George Wormingham to find out what equipment we will need to transmit over Austin Cablevision.

Benefit --- We can have one scheduled May 8th in the Tavern. This is the week before finals. Will this be benefitial?

Executive Meeting 4/18/87 Attendance ---K. Tuerff, S. Beechner, K. King, R. Cruz, K. Enochs, A. Spitzer, K. Lewis, B. Yount, S. Gorman, A. Arnold Guest--David Carrales

permission before the actual campaign begins. Forms for these endorsements are enclosed. These are the only forms that will be accepted, and all requested information is required before permission will be granted to use their names in your campaign. Endorsement forms must be turned in by 12:00 p.m. on Tuesday, February 17 to the Students' Association office.

NOTE: YOU MAY NOT ASK ANYONE (INDIVIDUAL OR ORGANIZATION) to vote for you; you may not hand out any literature or information (including biographical info and platforms); and we highly advise that you do not appear before entire organizations before the 17th, but rather suggest that you request a meeting with the group's chairman or executive board. This is a chance for you to prepare your campaign, not for you to garner votes. The Judicial Commission will monitor this activity stringently!

6. You must receive consent to hang any posters off-campus. The acceptable consent forms are in this package; no others may be substituted. DO NOT HANG ANY POSTERS UNTIL THE CAMPAING BEGINS, but again you may start collecting signatures before that time. (Poster consent forms apply to businesses, not fraternity/sorority houses and off-campus dorms).

7. The Judicial Commissioners and members of the Election Supervisory Board will be holding regular office hours at the Students' Association office (Texas Union, 4.310) until the election. We will be more than happy to answer any questions you may have. If you have questions or problems that must be taken care of after office hours, please contact Mark Franz at 478-6774.

GOOD LUCK!

April 27,1987

Alexis,

As interim chair of Campus Services, you will need to present the report on the SRTF bill and submit our nomination for chairman at the senate meeting Tuesday night. Do we have to move for recommittal to Finance, or do we merely recommend that it also be sent to that committee for additional financial analysis?

Thanks-

Kelly

Alexis -

Sorry I didn't come into the office Fri. - I would have liked to have gone to the party! As it is my weekend was pretty boring, how depressing. Oh well, I should give up on exciting & start studying. If I can survive the next 2 weeks I can handle anything. Even the Students' Assoc. I better run. Thanx for trying to tell me about the party. See you at least on Tues.

Julie

IMPORTANT ANNOUNCEMENT

TO: Student Affairs Staff Members
The Student Senate
The Cabinet of College Councils

FROM: Ronald M. Brown, Vice President for Student Affairs

A number of Division of Student Affairs staff had the opportunity to hear Dr. Harold Hodgkinson speak at a professional meeting in Chicago last month. We came away impressed by the enormous amount of useful information he conveys in a short time.

Dr. Hodgkinson is a Senior Fellow of the American Council on Education. Perhaps the best way to describe him is that he is a demographer with pizzazz, but he is important to us because he studies and reports on the demographics affecting higher education. Knowing and understanding what he has to say will help each of us, whether we be interested in the recruitment of minorities, future careers, mental health, the economics of education, or any of the other concerns that we have as staff and students.

We have just learned that Dr. Hodgkinson will be in Austin and available to speak especially for us at **11:00 AM, Friday, May 1, in the fourth floor atrium of the Peter T. Flawn Academic Center.** He has to catch a 1:00 PM flight, so the speech will begin promptly. Thus, I urge you to make every attempt to arrive early.

Following the speech a **complimentary sandwich lunch will be served.** We will divide into small groups to discuss our understanding of what Dr. Hodgkinson has to say and the implications for The University of Texas at Austin. Adjournment will be no later than 1:30.

I realize this is short notice and that many of you have commitments that will prevent your attending. I guarantee you, however, that the experience will be well worth a major adjustment of your calendar.
